

DEFINITIVE BRAND BUNDLE // £1,999

A package for businesses that need an impactful brand and a clear, consistent online presence. I'll create a full brand identity and then apply it to a customized Wordpress site, giving your business a well-rounded experience in person and online.

THE DEFINITIVE BRAND BUNDLE INCLUDES ALL OF THE FOLLOWING:

DESIGN DISCOVERY + IDENTITY

- Everything from the LUXE Brand Bundle
- A bespoke website built in WORDPRESS where your new Brand Style will be seamlessly integrated for a consistent Brand Story. Aside from it looking totally stylish, I will also ensure it's functional, flows beautifully and is fully responsive across all devices.

Define your unique
brand with style

HOSTING & SUPPORT

Even when your amazing new website has launched there is always support. Websites need regular care and attention to keep them safe, and for a fixed fee a month all these needs can be taken care of through my recommended developer + host.

Let's chat through these details before we start on the journey...
